Restrictions on the Slaughter of Sheep and Goats

7308

General and Revenue Secretariat | File No C 66 of 1945 | [App F III-2

Serial No

Letter no F 3302/45-46 dated 21-5-46 from the D F S requesting in the circumstances stated therein that action imposing restrictions on the slaughter of sheep and goats on the lines laid down in the Govt of India circular d 12-12-45 may be issued

1) The Govt of India circular letter no F 40-17/45 P II dated 12-12-45 enclosed to the Director's letter is for perusal It will be observed therefrom that in order to preserve the livestock wealth of the country and to prohibit indiscriminate slaughter of immature sheep and goats, the slaughter of the following categories of sheep and goats by the Army have been prohibited —

(1) Ewes below 2½ years when they possess 6 permanent incisors all in wear

(2) Female goats below 2 years when they possess 4 permanent incisors all in wear

(3) Male goats and sheep (castrated or entire) below 1½ years when they possess two permanent incisors and the sixth permanent molars are also erupted

2) But the Govt of India point out however that the above measures

NOTE—Contn Sh et

Serial No

alone will not secure the desired effect and suggest the desirability of similar restriction being imposed in respect of slaughter of sheep and goats in civilian slaughter houses also

3) The Supdt Veterinary and Animal husbandry Services in Mysore who has been consulted by the D of S re the above suggestion is of the opinion that it is quite necessary to impose the above restrictions throughout Mysore as the live stock census of 1945 in Mysore shows a drop of 25% in the sheep and goat population as compared with the previous quinquennial census He also suggests the adoption of the following measures to implement the restrictions effectively -

(1) Slaughtering of sheep and goats in the state should be done only in the licensed slaughter houses and slaughtering by private persons or in unlicensed slaughter houses should be prohibited

(2) All the Municipalities should

Restrictions on the Slaughter of Sheep and goats

eneral and Revenue Secretariat | File No CB4, of 194 5 | [App F III-2

Serial No

wisest an examination of sheep and goats both before and after slaughter and for these purposes, the services of the local Veterinary Inspector should be enlisted.

(3) The police should freely cooperate with the Staff of the Dept as also with the Municipalities in implementing the restrictions for slaughter.

4) The D F S recommends the issue of a Notn imposing the above restrictions - Submt for orders

5) A copy of the Notn issued by the D F S - The Govt of India's Circular letter, as recommended by the D F S

6) Since the D F S supports the Veterinary Supdt's views that slaughter of sheep and goats should be prohibited in municipal areas and the police and Municipalities should cooperate in the matter, the D F S & Secy may perhaps be consulted

Dew Secy) 30/5/46

7) Put up copies of the G O's issued by the Govt of W & N

8) copies of G O Nos W 1191-1212/W 121-44-4 dated 5-12-1944 and G O No W 1964-66/W 164-4-

SIR

Subject Restrictions on the slaughter of sheep and goats

I have the honour to state that the Regional Food Commissioner Madras, has requested in his letter No 2154/46-B1 2 dated 7th February 1946 to furnish the remarks of Government on the suggestions contained in Circular No F 10-17/45 P II dated 12-12-45 (copy enclosed) from the Government of India on the above subject

2 It is stated in Circular of the Government of India that in order to preserve the livestock wealth of the country and to prohibit indiscriminate slaughter of immature sheep and goats, the slaughter of the following categories of sheep and goats by the Army be prohibited --

1) Ewes below 2-1/2 years when they possess six permanent incisors all in wear,
2) Female goats below 2 years, when possess four permanent incisors, all in wear
3) Male goats and sheep (castrated or entire) below 1-1/2 years when they possess two permanent incisors and the sixth permanent molars are also erupted

3 It is further stated in the Circular that the above measures adopted by the Military alone will not secure the desired effect unless similar measures are adopted in the Civilian Slaughter houses also

4 The Superintendent, Veterinary and Animal Husbandry Ser-

Husbandry Services who was consulted in the matter has stated in his letter No A 7 Gl 15845/45-46 dated 11th May 1946 (copy enclosed) that it is quite necessary to impose these restrictions on the slaughter of sheep and goats with a view to conserve very young animals being slaughtered indiscriminately He is therefore of opinion that the restrictions suggested in the Government of India Circular dated 12th December 1945 are reasonable and may be implemented immediately in order to check the rapid dwindling of the population of sheep and goats

4 In order to enforce the above restrictions effectively, the Superintendent of Veterinary & Animal Husbandry Services has suggested the following measures --

1) Slaughtering of sheep and goats in the State should be done only in the licensed slaughter houses and slaughtering by private persons or in unlicensed slaughter houses should be prohibited,

2) All the Municipalities should insist on examination of sheep and goats both before and after slaughter and for this purposes, the services of the local Veterinary Inspector should be enlisted

3) The Police should freely co-operate with the staff of the Department as also with the Municipalities in implementing the restrictions for slaughter

5 There is a marked reduction of sheep and goats in the State, as seen from the Cattle Census of 1945 In the interest of the preservation of the livestock wealth of the State, restrictions regarding the age of slaughter of sheep and goats are quite necessary as suggested by the Superintendent of Veterinary & Animal Husbandry Services

6 In the circumstances, I request you to move the Government to issue a notification imposing restrictions on the slaughter of sheep and goats on the lines laid down in the Government of India Circular dated 12-12-1945 implementing the suggestions of the Superintendent of Veterinary & Animal Husbandry Services, re the

re the measures to be adopted to enforce the above restrictions

I have the honour to be,

Sir,

Your most obedient servant,

tgs 5

Addl Director of Food Supplies

Forwarded with Compliments

23/5/46

Director of Food Supplies

Mcl 133-46-

Circular letter No F 10-17/45-PII dated 12-12-45 from the Deputy Secretary, Department of Agriculture, Government of India, New Delhi to All Provincial Government and Local Administrations

--

Restrictions on the slaughter of sheep and goats

--

I am directed to say that the recent census shows that in most Provinces there has been a marked reduction in the sheep and goat population It is apprehended that there may be a further decrease, unless effective measures are taken to prevent, as far as practicable, the indiscriminate slaughter of immature sheep and goats It has accordingly been decided in consultation with the Army authorities that they will prohibit the slaughter of the following categories of sheep and goats

(1) Ewes below 2½ years, when they possess six permanent incisors, all in wear,
(2) Female goats below 2 years, when they possess four permanent incisors, all in wear,
(3) Male goats and sheep (Castrated or entire) below 1½ (1½) years when they possess two permanent incisors and the sixth permanent molars are also erupted

2 Any civil veterinary authority, whether of gazetted or non-gazetted rank would be competent to object to the slaughter of a a particular animal coming under any of the above specifications For this purpose such an authority would have the right of access to the military butchery pens after intimation to the officer in charge of the ~~authority~~ butchery An animal to which objection is taken by the veterinary authority will not be slaughtered, provided that in the case of the veterinary authority being a non-gazetted officer the officer in charge of the butchery will have a right to make a reference to a local civil gazetted offer whose decision would be final This right of entry to military butchery pens does not apply in the case of military dehydrated meat factories, where all animals are inspected prior to slaughter by gazetted veterinary officers of the War Department The latter department is issuing separate instructions to these officers to cover the provision of this letter

3 These measures alone will not however secure the desired effect unless slaughter at civilian slaughter houses is restricted on similar lines In order to preserve the livestock wealth of the country it is of the utmost importance that the restrictions observed by the Army authorities should be extended to the slaughter of sheep and goats for civil consumption The Government of India are aware that order prohibiting the slaughter of sheep and goats have already been issued in your Province It is requested that if approved those orders may be reviewed and revised where necessary to bring them into line with the instructions now issued so that the slaughter of these categories of sheep and goats may be prevented (believe that no orders restricting the slaughter of sheep and goats have so far been issued in your Province It is requested that if approved suitable steps may kindly be taken to issue necessary orders on the above lines prohibting the slaughter of the categories of sheep and goats mentioned above)

( ) For Provinces which have issued orders viz , Assam, Bihar, C P , & Berar and U P and Punjab
( ) For Provinces which have not yet issued orders viz N W F P , Bengal, Bombay, Madras, Orissa Sind Ajmer and Baluchistan

4 I am to request that early action may be taken in the matter so as to bring the restrictions in respect of Civil and Military slaughter on a uniform basis A copy of the orders issued by the Provincial Government may also kindly be communicated to this Department in due course

--

Subject Restrictions on the slaughter of sheep and goats in the State

--

With reference to your letter No F 3302/45-46 dated 10-2-46 calling for my opinion on the above subject, I have the honour to invite your kind reference to G O No M 1191-12-12-M-121-44-4 dated 1-12-1944 and G O No M 1964-1986-M-160-44-2 dated 20th February 1945, wherein the slaughter of males and females of both goats and sheep has been restricted to 65 males for every 35 females, irrespective of age In my opinion this prohibitory order has not achieved the desired object of restricting the number of females slaughtered to 35%, in so far as there is no Agency to implement the order throughout the State, excepting in slaughter houses where provision is made by the concerned Municipalities for both Ante and Postmortem examination of animals by the local Veterinary Inspector These restrictions are not being enforced in slaughter houses where the local Municipalities have not provided for Veterinary supervision, as well as in a host of instances where unlicensed slaughter is being practised

The idea of limiting the number of females to be slaughtered to an absoluted minimum is to conserve them for propogating themselves at an age, when they are most prolific and can breed more quickly The orders as they stand at present, do not provide for any restrictions in the ages of animals brought for slaughter It is therefore very necessary that with a view to conserve very young animals from being slaughtered, restrictions regarding the age of slaughter should be imposed

for the failure well Being of the State Such a Recourse Seems

The restrictions suggested in the Government of India letter No F 1017/45-P II dated 12th December 1945 are very reasonable and may be implemented immediately, in order to check the rapidly depreciating sheep and goat population and to conserve them especially necessary now, in view of the threatening food famine and the fact that the 1945 livestock Census shows a 25% drop in the sheep and goat census over the previous quinquennial census, as against a normal average increase of 15% recorded from quinquennium, a condition which in itself calls for grave apprehension

It is therefore necessary that restrictions as laid down in the Government of India letter should be enforced throughout the State In order that they may be implemented effectively, the following measures are very necessary --

1 Slaughtering of sheep and goats in the State should be done only in licensed slaughter houses and slaughtering by private persons or in unlicensed slaughter houses should be prohibited

2 All the Municipalities should insist on examination of sheep and goats both before and after slaughter and for this purpose should enlist the services of the local Veterinary Inspector

3 The Police should freely co-operate with the staff of the Department as also with the Municipalities in implementing the restrictions for slaughter

SIR

Subject: Restrictions on the slaughter of sheep and goats.

With reference to your letter No 2154/46-B1-4 dated 13th March 1946 requesting to furnish the remarks of Government on the Circular of the Government of India issued on the above subject, I have the horour to state that a reply in the matter could not be sent earlier as the Superintendent of Veterinary and Animal Husbandry Services in Mysore, Bangalore, who was addressed in the matter has furnished his opinion only on 11th/15th May 1946 The restrictions on the slaughter of sheep and goats embodied in the Circular of Government of India are quite reasonable in view of the rapid dwindling population of sheep and goats I have therefore addressed Government proposing similar restrictions on the slaughter of sheep and goats in the State

A copy of the letter addressed to Government is sent separately for information

I have the honour to be,
Sir,
Your most obedient servant,

Sd K Srinivasan,

Addl Director of Food Supplies

tgs.5

Copy with compliments to H Q 109, Bangalore Area with reference to their letter No 75810 S T 5 dated 31-1-46 for information The restrictions to be imposed on the slaughter of sheep and goats will not result in any change in the quotas of sheep and goats allotted to the Army for the present The position will however be reviewed sometime after the restrictions are imposed (if they are imposed) in the civil slaughtering houses

houses of the State
